Additional Secretary to the Government
of Mysore, Bangalore

ADDITIONAL SECRETARY GOVT No Date 12/10

Sir,

Subject - Entertainment of a temporary establishment for adopting anti-plague measures

---

I have the honour to state that the Health Officer has reported (copy enclosed) that sporadic cases of plague have now occurred in several parts of the City and that the present staff for Cyano-fumigation work is quite inadequate to check the spread of this infectious disease He has, therefore, proposed ~~for~~ the entertainment of a temporary establishment as detailed in the margin until the end of January 1946, in addition to the existing staff of 30 gangmen

Additional Establishment for Cynogassing work

I	5 Asst Sanitary Inspectors at Rs 25/- plus C A Rs 5/- in grade 25-1-35 for 4½ months = 5x 30 x 4½ =	675
II	30 gangmen at Rs 10/- p m each for 4½ months 30 x 10 x 4½ =	1350
	Until the end of Jany 46 Total	2025
III	2 Asst Sanitary Inspectors at Rs 25/- plus 5 C A till the end of the year '46 2 x 30 x 5 =	300/-
	Grand Total	2325/-

It is reported, further, that out of the Establishment thus constituted, 30 gangmen & 2 Asst Sanitary Inspectors will be continued till the end of the year 1946 as the Cynogassing work is expected to ~~spread over~~ continue even after January 1946 until the close of the year 1945-46 The expenditure involved comes to Rs 2,325 including the salary of the two Asst Sanitary Inspectors proposed to be continued till the end of June 1946, and ~~it~~ will be met out of the provision made under "Cynogas"

2 This proposal was placed before the Municipal Council at their meeting held on 17-9-45 and they have approved of the same

3 A copy of the Council Resolution in question is herein enclosed for favour of obtaining sanction of Government thereto

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

hsr/-

Forwarded with Compliments 9/10

Hon'ble President 9/10/45

Health Officer's report dated 17th September 1945

Submitted to the Municipal Commissioner

Plague has broken out in several parts of the City Cyanofumi is one of the important anti-plague measures There are only 10 gangs of 3 coolies each for this purpose, of which 3 are sistries The infected houses and the neighbouring houses have to be fumigated and at the same time the non-infected houses, particularly in the congested areas in all the Divisions, have to be tackled repeatedly to prevent infection spreading to these localities The existing gangs cannot cope with the work and it is therefore proposed to entertain 30 more coolies with 5 Asst Sanitary Inspectors to supervise their work at a cost of Rs 2025/- as noted in the margin This additional Gang and 3 Asst Sanitary Inspectors will be disbanded at the end of January by which time I expect the infection to subside completely The rest of the Gang consisting of 30 gangmen and 2 Asst Sanitary Inspectors will be continued for routine cyanogasing of the houses after January 1945 till the end of the year The expenditure will be met out of the provision made under "CYANOGAS" The subject may kindly beplaced before the Council

(1) Five Asst Sanitary Inspectors at Rs 25/- + 5 C A in grade Rs 25-1-35 for 4½ months = 5 x 30 x 4½ = Rs 675/-	
(ii) 30 Gangmen at Rs 10/ p m each for 4½ months = 30 x 10 x 4½ = 1,350/-	
Total	Rs 2,025/-
